

## **Per Erik Holsten**

Managing Director,  
BU Oil, Gas and Chemicals  
IA Division

Per Erik Holsten leads ABB's Business Unit for oil, gas and chemicals in the Industrial Automation division. He started his career in ABB in 1986 as an engineer and has managed businesses of various sizes, most recently as Local Division Manager for Process Automation and Local Business Unit Manager for Oil, Gas and Petrochemicals in Norway. He was earlier Global Industry Group Manager for Chemicals, Oil and Gas in the Business Unit Industry Solutions.

He has an MBA in International Business from the University of East London and studied Engineering at South Trondelag University College in Norway.
