

# Replacement

## RVG200 upgrade package

Upgrade to the latest technology with an economical, hassle-free solution.

### Measurement made easy

ScreenMaster RVG200 paperless recorder.

### RVG200 upgrade package

ABB understands that our customers require maximum uptime of their assets and traceable verification in a cost-effective manner. Therefore, we have introduced an upgrade package for customers to take advantage of replacing old recorder technology with the ABB RVG200 touch-screen paperless recorder.

The package includes not only the product upgrade but also installation, commissioning, on-site and hassle-free flawless start-up; plus environmentally friendly disposal of the replaced instrument.

### Service highlights

- Minimal down-time
- Expert advice on monitoring systems and best replacement products
- Process-specific configuration and data migration to the new RVG200
- Guidance on best practices for installation and operation
- 12-month extended warranty
- Old products disposed of or recycled following local environmental regulations.
