

NEW EXTENSION TO THE OTDC FAMILY

DC-PV2 ratings up to 800A

Circuit 6c, 6g – Single Circuit

We are glad to announce that the OTDC Switch-disconnector 1000Vdc/1500Vdc offering has extended with 630A and 800A DC-PV2 rated products for direct current applications. OTDC Switch-disconnector offering for DC-PV2 is extensive from 315A up to 800A.

Product highlights:

- Tested according to IEC60947-3, CE certified and CCC pending.
- Mechanical endurance 10.000 operating cycles with a robust structure.
- Symmetrical pole design enables independent polarity.
- Connection bar kit included in the package.

Type code	Order code	Voltage	Rated Operational current, DC-PV2	Number of circuits	Circuit Connection
OTDC630F22-PV2	1SCA161682R1001	1000Vdc	630A	1	6c, 6g
OTDC630FV22-PV2	1SCA161683R1001	1500Vdc	630A	1	6c, 6g
OTDC800F22-PV2	1SCA161684R1001	1000Vdc	800A	1	6c, 6g
OTDC800FV22-PV2	1SCA161685R1001	1500Vdc	800A	1	6c, 6g
