US ELECTRIFICATION

# **Distributor training opportunities**

Prepare your team for success.

—

**Knowledge is power — the power to offer enhanced value to the customer, thereby increasing sales and retention and reducing returns. Arm your team, including inside and outside sales, branch counter staff, new hires and veterans alike, with the power to succeed with high-demand solutions from ABB.**

**ABB Electrification makes it easy to meet your organization's training needs with a range of online and in-person standard and customized learning opportunities.**

# Online training

## ABB myLearning

ABB myLearning gives your team 24/7 access to the world-class ABB online learning platform, including:

- Product training
- Certification topics
- Virtual classrooms
- And much more

Request an account, receive the okay and start learning now.

[mylearning.abb.com](https://mylearning.abb.com)

## BlueVolt

If your company subscribes to the BlueVolt learning management system (LMS) platform, more than 150 ABB courses are available and will appear natively in your LMS.

Contact your company's training leader to confirm if BlueVolt powers your platform.

[bluevolt.com](https://bluevolt.com)

## Webinars

ABB regularly offers live webinars on our latest technology and product solutions. These online events are open to you and your customers. Some are for a general audience, while others are targeted for engineers or contractors. All past webinars are recorded and available to view 24/7 in the on-demand archive.

Visit the ABB webinar center.
