Products impacted:	JSHD4 AE Bottom part with M12-8 connector and E-stop button		
Impact on Form/Fit/Function:	<input type="checkbox"/> Form <input type="checkbox"/> Fit <input type="checkbox"/> Function	Impact on reliability:	<input type="checkbox"/> Y <input checked="" type="checkbox"/> N

**Dear Valued Customer,**

The purpose of this communication is to inform you of an upcoming change to the following products. This change is part of our effort and commitment to continuous improvement of our products and our processes.

### Description of Change

Obsolescence of JSHD4 AE (2TLA020005R1400).

### Customer Impact of Change and Recommended Action

There is a possibility to make a last buy of JSHD4 AE before 2023-01-31.

Alternatively, the three-position device HD5-S-111 (2TLA023001R0100) can be used. Please consult the data sheet to confirm if the alternative is applicable.

JSJD4 AE

HD5-S-111

**Reason for Change**

Due to a general material shortage on the market, we are forced to obsolete JSKD4 AE.

**Product Identification**

2TLA020005R1400 JSKD4 AE Bottom part with M12-8 connector and E-stop button

**Customer acknowledgement**

Customers are requested to acknowledge this notification within 10 days of its issue date. Lack of response with 30 days of PCN release will constitute an acceptance of the change.

Please contact ABB if you have any issues with this PCN or require additional information.
