

PRODUCT LIFE CYCLE STATEMENT

Softstarters

Type PSE210...370-600-70 (Generation 1)

The ABB life cycle management model is designed to manage an orderly transition to new replacement products or to choose from various lifetime extending services. At the same time the model ensures access to continuing support for our customers.

Full range of life cycle services and support

Limited range of life cycle services and support

Replacement and end-of-life services

Current life cycle status

Softstarters type PSE210...370-600-70 (generation 1) are in the Limited life cycle phase since 1.1.2020, according to the ABB life cycle model outlined above.

Life cycle plan

It is planned to keep Softstarters type PSE210...370-600-70 (generation 1) in the Limited phase until the end of 2027, after which they will be transferred to the Obsolete phase.

Product availability

The product is no longer available.

Recommended actions

It is recommended to replace the PSE210...370-600-70 with the latest generation product, e.g. PSE210...370-600-70-1 (generation 2), using an installation adapter kit.
