• Offer valid through December 31, 2019
or while supplies last

Sta-Kon® terminal kit promotion

The Sta-Kon terminal kit contains the most popular assortment of terminals, cable ties and wire markers, along with a crimping tool. The rugged steel carrying case with product guide on the inside lid can be conveniently refilled with standard package terminals and ties.

- Long barrel design — 20 to 50% longer than competitors — eliminates missed crimps, increases conductivity, and insulator stays on barrel
- Vinyl-insulated terminals have a brazed seam — 2½ times stronger than butted seams, allowing you to crimp anywhere on the terminal
- Selective annealing — leaves barrel soft for crimping while tongue remains strong
- Chamfered barrel — eliminates wire hang up
- Deep internal serrations—larger contact area lowers resistance and increases pullout strength
- Easy identification — stud and wire sizes are marked on the terminal
- High-conductivity copper, plated for corrosion resistance

Contents of Sta-Kon STAKIT® terminal kit

Qty.	Catalog number	Description
100	2RA18X	Sta-Kon vinyl butt splices for 22–18 AWG
100	2RB14X	Sta-Kon vinyl butt splices for 18–14 AWG
