

ABB University Chile - Course Offerings

Phone: + 56 – (0)2 – 471 4000

Low Voltage Drives

G101	AC Drives Basic Concepts
G106	AC Drives Basic Maintenance
G351	ACS150 Fundamentals and System Components
G350	ACS350 Fundamentals and Machinery Drives General Concepts
G350e	ACS350 Machinery Drives Configuration and Start-up
G165	ACS550 Basic Concepts, Maintenance and Start-up
G166	ACH550 Basic Concepts, maintenance and Start-up
G152A	ACS800 Basic Concepts
G152*	ACS800 Maintenance and Start-up
G156*	ACS800-07 Maintenance and Start-up
G173*	ACS800 Special Programs
G300	ACS600 Configuration and Operation
G304*	ACS600 Preventive Maintenance

Medium Voltage Drives

G700	ACS1000 Operation and Maintenance
G710*	ACS1000 Commissioning and Startup

Control Systems

T300	AC800xA Concepts and Basic Engineering
T302	AC800xA Maintenance and Problems Resolution
T303	AC800xA Fieldbus Foundation Integration with AC800
T304	AC800xA Profibus Communications and Hart
T305	AC800xA Administration and System Installation
T308	AC800M Hardware Maintenance and Problems Resolution
