

Give your buildings a new dimension

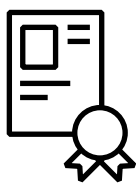

Scalable solutions for energy and asset management

Sub-metering and branch monitoring in small commercial building

Design and Specification

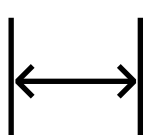

Ensure fast payback while helping to **reduce CO₂ emissions**

Achievable compliance with electrical energy efficiency standards (ISO 50001)

Installation

Simple and intuitive cabling to perfectly fit electrical distribution board design

-60%

Reduce cabling and installation needs by 60%

Operation

-10%

Remove energy inefficiency by up to 10%

-20%

Save up to 20% on energy bill
