

ABB Tenton® – the new ABB ClimaECO Sensors

Meet high standards of
smart commercial buildings

ABB relies on continuous innovation in the field of Smart Building technology. ABB Tenton® is the most comprehensive KNX-based HVAC automation portfolio in the market. The new ABB Tenton® Sensors are easy-to-use high quality sensors. They are equipped with an illuminated display for excellent readability and a modern design. Different variants of the sensors are available, e.g. CO₂ and humidity functionality. Learn more on our webpage: abb.com/climaeco
