## **Integration of Electrification Business into ABB Switzerland AG**

Dear Sir or Madam

We hereby inform you that in the context of a reorganization within the ABB group in Switzerland, the Medium Voltage and Rail infrastructure business of ABB Sécheron AG (Electrification Business) is transferred to ABB Switzerland AG. As a result of this transfer, all of ABB Sécheron AG's medium voltage and rail infrastructure business is concentrated in ABB Switzerland, whereas the business line Traction Transformers will remain with ABB Sécheron.

In the context of this transfer, our contractual relationship(s) – together with all other contracts, assets and liabilities of ABB Sécheron AG's Electrification Business – are transferred to ABB Switzerland AG.

If you have worked in the past with ABB Sécheron AG and ABB Switzerland AG, this collaboration will be simplified in the future, as all of ABB's Electrification Business in Switzerland is now concentrated in ABB Switzerland AG.

This transfer will not impact upon the performance of our contractual relationship(s), which will continue on the same terms and conditions. Business will continue as usual and your day-to-day contact within ABB will remain the same.

Please update your databases for all former ABB Sécheron Medium Voltage and Rail Infrastructure business in Switzerland as follows:
