

Features and benefits

Innovation, design and technology
Made in Spain

Millenium's design and functionality convert into numerous technical and installation advantages

Slim line design, only 4 mm high with straight and square lines at the forefront. Rocker with attractive chrome profile that gives a distinctive glance.

Easy to install, simple and adaptable, it allows the use of bigger screws helping installation in any situation and place. Additionally, strong centered bridles allow to absorb differences in uneven walls with up to 2 mm of height in order to keep the installation perfect under any circumstances.

First British Standard range of wiring accessories with Ecodesign Certificate. Millenium has been designed from its conception to reduce the environmental impact throughout the product life cycle from design, production, operation, distribution and product recall.

Millenium offers a complete solution for any commercial project and especially for hotels, including within its range of wiring accessories not only special conventional solutions for hotels (DND/MUR switch, card switch, electronic thermostat, etc) but also VDI connectors, USB charger, ABB i-bus® KNX, ABB-free@home®, access control and sound systems.
