

Limited time offer! 600 V AccuRange® CT promotion

High accuracy extended range current transformers

Contact:
matteo.rota@us.abb.com
407-314-5196

**Don't miss this exciting opportunity to purchase select CBT-S, CMF-S, or CMV-S current transformers!
Orders must be placed on or before December 31, 2020.**

-  Lead times shortened to 2-3 weeks!*
-  5% discount for existing customers⁺
-  Improved list pricing for new customers

Benefits

-  Improve billing revenues! AccuRange CTs have very accurate performance, even at very low currents. This family of CTs has +/- 0.15% error from 1% of the rated current through the rating factor
-  Reduce inventory! **One** AccuRange CT replaces multiple ratios of standard accuracy CTs, reducing the number of style numbers to manage and stock

Ratios available:

- CBT-S 600:5
- CMF-S 600:5
- CMV-S 600:5
