2014

What we do in Wauwatosa

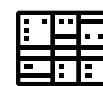

Wauwatosa is ABB's US Headquarters for our Drives Business and provides both product and customer support. Drives control the speed of electric motors and are used in commercial and industrial operations to improve energy efficiency and optimize processes and controls. ABB's drives maximize operational uptime, save energy, and ensure reliable and cost-effective operations.

Who we serve

ABB's drives ensure reliable operation in a variety of industries, including HVAC, food and beverage, breweries, water and wastewater, mining operations, theme parks, and hospitals. The majority of ABB's drives installed in North America are manufactured at our facility in New Berlin, Wisconsin.

ABB in the U.S.

ABB is a leading global technology company that energizes the transformation of society and industry to achieve a more productive, sustainable future.
