

Product Change Notification

PCN-ESP K10T1 Surge Protective Device (SPD)

Dear valued Customer,

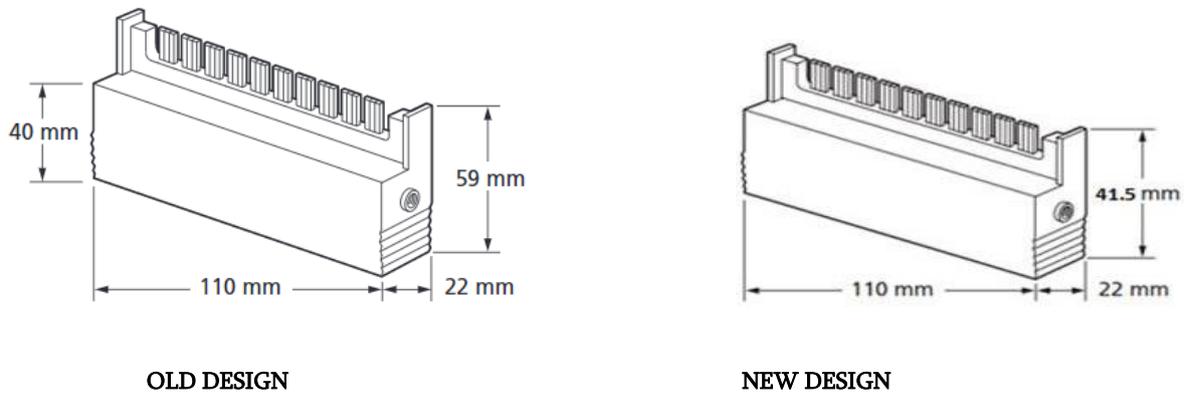

ABB Furse Ltd. will make the changes described below:

Products affected by the change:

Item: ESP K10T1	Description 10 way PBX telecom line SPD	Replaced by: N/A
ABB Order code 7TCA085400R0130		

Description of change

The new ESP K10T1 has a reduced height from 59mm (old design) to 41.5mm. This height reduction allows for the PBX frame lid cover to engage securely to the PBX frame once the SPD has been fitted.

For lead times and available stock of specific part numbers, please contact Furse UK - enquiry@Furse.com
